

LOVE YOUR LIBRARY

Are you interested in the local history of Farnborough?

Would you like to join or even lead an informal group meeting at Farnborough Library to discuss and study the local buildings, the aviation history and the people who lived and worked in Farnborough?

We are hoping to establish a monthly group to encourage and develop an interest in these topics using the free digital resources in the library like Ancestry, Find My Past and online newspaper websites. We also have access to local newspapers on microfilm, some parish records on microfiche and old local maps.

Please express your interest to any member of library staff or complete a volunteer form available at the help desk.
